

FOR EVERY £1 WE SPEND

saving the lives
of people with
blood cancer

Every penny is vital in helping to save more lives

77p goes towards helping to provide lifesaving transplants. This includes recruiting donors to our register, tissue typing them and searching for matches.

8p goes towards researching ways to make transplants more successful. Our expertise helps us to make breakthrough discoveries that will save more lives.

8p goes towards raising money and inspiring people to support us, so we can continue our vital and lifesaving work.

6p goes towards education and awareness programmes to bring blood cancer to everyone's attention, including projects at schools and universities.

1p in every £1 goes on governance.
